- 2) Create the account without making a contribution, using the Forgot Password link.

2. Create an online account, without making a contribution:

On the Churchteams Login/Account page, rather than entering an amount and your remaining information as shown above, just click the Login link in the upper right corner.

Next on the Email Address/Password screen, click the "Forgot Password" link. Enter your email address and name on the next screen and click "Forgot Password." An email containing a link that allows you to set a password will be emailed to the email address you entered. The reset password link expires in 60 minutes.

Once you have created your password from the email reset link, you will be re-directed to the online giving page. Click "Manage" in the upper right corner of the screen.
